Hughes engineer has been transferred from Livingston to Revenna and now runs out of that point.—Mr. and Mrs. Urban Chuning will move in about ten days to Morning View. Mr. Chuning is an operator for the L. & N. and he will go there to work, he has been in very poor health for sometime but he is rapidly improving. We much dislike to lose these good people, but Livingstons loss in Morning Views gain.—Mrs. E. B. Owens has been quite sick but is much better at present.—One of Livingstons young men has been making numerous calls and sending flowers to London until it looks very suspicious but under no circumstances or conditions would we hint or breathe the mans name as we are afraid Swannie would get mad.—An infant child of Mr. and Mrs. Charlie Argenbright died Sat. night and buried Sunday at Ward burying ground.—Mr. & Mrs. J. Vernon and placed in jail. What a shame when people will get so low, it is enough to make the very Angels weep but when the last drop of the stuff is banished off the face of the earth then the Devil can hang out his shingle and say torment for rent.—T. She is not the only one that looks back to those bygone days and repeat the verses written by the poet, "Backward turn backward, O time in your flight, make me a child again just for tonight; and How dear to my heart are the scenes of my childhood; but to do the subject justice, we would have to be able to reach up pluck the wand from an angel, dip it in the lines of the rainbow, and write it on the leaves of sahn.—W. R. Day went to Louisville on business Tuesday.—Not much news this week, looking for a big letter next.

ANNOUNCEMENT

We are authorized to announce, subject to the action of the Republican Party at next August Primary, B. J. BETHURUM For Circuit Judge, T. J. BULL For Circuit Court Clerk.

INCOME TAX IN A NUTSHELL

WHO? Single persons who had net income of \$1,000 or more for the year 1920; married couples who had net income of \$2,000 or more for the year 1920. WHEN? March 15, 1921, is the final date for filing returns and making first payments. WHERE? Collector of Internal Revenue for district in which the person resides. HOW? Full directions on Form 1040A and Form 1040; also the law and regulations. WHAT? Four per cent normal tax on payable income up to \$4,000 in excess of exemption. Eight per cent normal tax on balance of taxable income. Sur-tax from 1 per cent to 65 per cent on net incomes over \$5,000.

In the year past the American Legion doubled in membership and added 3,417 posts, according to National Headquarters. All records for growth, however, were broken by the Women's Auxiliary which started the year 1920 with 5,000 members and finished with an enrollment of 200,000 and a total of 1,695 units. All state department registered substantial gains and new posts were formed in the following foreign countries: Argentine Republic, Belgium, Chile, China, Guatemala, Japan, Poland, Jamaica, Santo Domingo, and Peru.

Checks received by the national treasurer of the American Legion to provide for the adoption of French war orphans now total \$4,650. This amount is enough to care for sixty-two orphans for a period of one year. The greater part of the adoptions were made by legion posts in many parts of country but a number of individuals contributed.

Wholesale swindling of veterans and gold star relatives by unscrupulous lawyers who demand exorbitant fees for obtaining compensation in cases of injury or death is being investigated by the Massachusetts Department of the American Legion. The widow of one man is said to have paid a lawyer's fee of ten per cent of a \$10,000 due to her through the death of her husband overseas. The War Risk Act prohibits any lawyer receiving more than \$3 a fee for pressing a compensation claim.

RESOLUTIONS

The ladies missionary society of the Christian Church has sustained a great loss in the departure to a new field of labor that of Mrs. H. T. Young. We could ill afford to lose the inspiration counsel and service of such a member as Mrs. Young. The society wishes to draw up the following resolutions.

1. We shall miss greatly from our ranks and gatherings one whose presence has been an inspiration to our society and whose help out of her rich experience has been in so many respects a sweet heritage to us as a co-worker as well as a true citizen of our little town.
2. It was her delight to lead the young in the ways of God.
3. We take comfort in the thought that our loss is to others gain for we are sure her work did not end here but will continue to be a "blessing" elsewhere.
4. To us her beautiful life and example has left a great stimulus, may it be ours to cherish and profit by the same.
5. We ask that these resolutions be printed in the Mt. Vernon Signal and a copy sent to Mrs. H. T. Young.

On several occasions during the past few months at public gatherings, the conduct of some of the young blood has been very unbecoming. We mention this at the request of a citizen who has witnessed some of this misbehavior. Most of the youngsters are from homes which have taught their children differently but the good advice of home is not obeyed. A remedy for this is, parents investigate and know how your children act when away from you. Your child may not be the one and if not no harm is done in finding that he or she is not guilty.

Judge Cam Mullins,
Mt. Vernon, Ky.

Dear Sir:—
I am in receipt of petition signed by you and various other citizens under date of Dec. 3rd, petitioning the State Highway Commission to improve, under Convict Labor, the present road from Mt. Vernon to Lincoln County line, and would advise that this proposition will be submitted to our Commission at their next February meeting. I don't believe, however, that the Commission will be willing to establish two convict camps in the county and, my suggestion would be to complete the present road to Livingston, Kentucky, then, if funds are available for extension of convict work that this same camp be used on the improvement of the road designated in your petition.

Yours very truly,
Joe S. Boggs
State Highway Engineer.

CONSTIPATION

Constipation of the bowels is a stoppage of the sewage system that removes waste matter from the body. It is as necessary that your bowels move regularly once each day, to carry off this waste, as it is that the waste pipes of your home be kept open and carry off the waste from the house. If you would enjoy good health, keep your bowels regular by taking Chamberlain's Tablets when needed.

THIS IS A "BUCKAROO"
Know what a buckaroo is? Well look in the Dictionary, and you won't find this:
Buckaroo (buck - a - roo). From the Anglo-Saxon noun, buck, and the last two syllables to jump kangaroo. Meaning: when applied to the masculine gender of the human species, a lively young buck. 2. A gay dog. One who doesn't give a darn. A rip-snotin' ding-bustin', devil-may-care critter from away back, head ed for The-Lord-knows-Where. In his natural habitat he is gentle as a baby St. Bernard, especially with the opposite sex; but turn him loose without a tether and he'll paw up the ground something scandalous. Slang: A regular guy. Synonym: Douglas Fair banks.

Trip it lightly on your tongue "Knickerbocker Buckaroo." Talk it! Advertise it! Its a corking Fairbanks title for the best of Fairbanks' pictures.

Goes 30 Miles For More Tanlac

Says Its Most Wonderful Medicine In World and Would Go 100 Miles Rather Than Be Without It.

"I have to go thirty miles for Tanlac, but I would a hundred rather than be without it," said Mrs. Elenora Case, of Norwich, Pa., while visiting recently at 644 Phillips Ave., Akron, Ohio.

When I began taking Tanlac I only weighed a hundred and thirty five pounds and now I weigh a hundred and fifty one. I had suffered for three years from indigestion and other troubles. My appetite was poor, I had severe pains in my sides, back and chest and awful spells of dizziness.

My sleep at night was very much broken and I always woke up in the morning with a dull, tired feeling and was so weak and lifeless that I could hardly get up energy enough to cook a meal or sweep a house. It took about all the strength I had to climb a flight of stairs and I would reach the top almost completely exhausted.

Since taking Tanlac I feel like an entirely different person. My appetite is wonderful and everything agrees with me. I am free from pains and dizziness and I sleep soundly every night and wake up in the morning feeling fine. My house work is actually a pleasure to me and I can run up and down the stairs the same as I could when I was a girl.

After seeing how Tanlac was helping me, my husband began taking it and it is doing him a world of good, too."

Tanlac is sold in Mt. Vernon by Chas. C. Davis, in Brodhead by the Brodhead Pharmacy, and in Livingston by R. G. Webb; in Burr by W. M. Owens.

A red yearling steer is at my place and has been at my place all fall and winter. I have been feeding. If any one has one gone or missing please describe or call and see same.

THE VALUE OF THE JUNIOR Agricultural Club WORK in ROCKCASTLE County

Read at the Thrift Week Community Meeting
at the Mt. Vernon Graded School Building
Tuesday evening, January 18th, 1921

By EVERETT REYNOLDS
KENTUCKY'S CHAMPION CORN GROWER

Little has been thought of the real value of our county boys and girls by the scores of working forces in our big county. Around and within the population centers there has been people working with schools, Y. M. C. A., Y. W. C. A., Christian Endeavor, Red Cross, Womens Club, and many other concerns, but somehow this work doesn't reach out very far into our poor rural section and give us boys and girls a chance. It sometimes occurs to me that few people are interested in finding some real helpful work to do. There are people who say they are inspired to do Gods calling and are ready to do what he says do—but if you will notice 999 out of every 1000 such people find such work in towns and cities. Is it because the country communities don't need help? Is it because God only calls to towns and cities? Is it because these workers are despised and not wanted in the rural sections? Is it because they can't make money and God only calls to money positions? These and others questions come to me as I sit around the fireside in my home near Mt. Vernon on Renfroes Creek. I wish I could make it plain to you just how I feel but being one of these country boys I live on a farm working for my living raising corn, pigs, feeding calves and cleaning out the barn, I am afraid I cant make you see just what I want you to see.

I will state it this way, why can't our country schools be made better for our boys and girls? Why can't our country churches be made better for our country boys and girls? Why can't we as country boys and girls have the chance in these many ways being suggested by our visiting friends and town and city workers? Why don't some of our active christian, moral workers work in the country, over the hill and through the mud building up a sentiment, moulding character and bringing about a better community spirit?

Last summer at a Junior Agricultural Club meeting, our County Agent Mr. Spence, made this statement—"Brighten the corner where you are." At this time I didn't think much about it, but while I was working my corn, (for I am a Club boy), I often wondered if any good could come from me working my corn and being a Club boy. This caused me to think more about the Club work, and the value of it to our country and to the young people.

I believe Mr. Spence, our County Agent, is bringing about better conditions along the line which I spoke of a while ago. I was convinced of this fact when I heard Mr. Davis, your drug list, and Mr. Spence speak of our farms, homes, schools, churches and school and agricultural fair.

I have been telling you the value of Club work in Rockcastle, in dollars and cents! I can not state the value in the developing community spirit, morals, character, citizenship, christianity and hundreds of other things.

You remember our community and county school and agricultural fairs, you saw for yourself and witnessed the great community spirit, and heard the yells and songs of schools.

Our county Agent started this work, he doesn't hesitate to ride through the rain, mud and cold over the hill, and up our hollows to a club member, or to organize a club or to help those who call. We now have about 300 club members to work in "Make the BEST BETTER," our State slogan, and to Brighten the corner where we are.

Do you want to help our country boys and girls to make money and learn to save it by investing it in education, if fact when I heard Mr. Davis, your drug list, and Mr. Spence speak of our farms, homes, schools, churches and school and agricultural fair.

COUNTY HONORS ROCKCASTLE 1920

Rockcastle County this year is very proud to have some makers as well as record breakers. These record makers and record breakers are Junior Agricultural Club boys and girls. We had 112 members for 1920 growing crops, animals and poultry.

The winners as County Champions are as follows:

Corn—Everett Reynolds, Hummel club—Renfro Creek, Mt. Vernon produced 105 5 bushels. He also won state championship in corn club work and production per acre.

Pigs, Hazel Carter, Hummel club, Wildie, made a net profit of \$149.75. She has been a club member for two years.

Poultry, Glenn Johnson, Cove club, Orlando made a net profit of \$33.72. This does not include her flock of more than 50 pure bred Rhode Island Reds. She has recently been accepted as a member of the Beres Rhode Island Red Poultry Association.

Each of the above winners gets \$5 given by three of our banks. Corn Champion, Bank of Mt. Vernon, Pig Champion (Citizens Bank, Brodhead, Poultry Champion, First State Bank, Livingston. This money is to remain on deposit in the banks for a term of five years at 3 per

cent. This isn't a big sum but it is intended to influence towards a saving account for the future.

County Agent

STATE HONORS ROCKCASTLE COUNTY 1920

Everett Reynolds is to be honored throughout the State of Kentucky as being the State Champion Corn Club boy, also the State Champion on producing the biggest yield per acre (105 5 bushels.)

Everett is A.E. Reynolds' son who lives on Renfro's Creek four miles from Mt. Vernon. He has lifted Rockcastle County's name to the top of the ladder in the Junior Agriculture Club work. He has shown that "There's more in the man than in the land."

This is Everett's first year as club member. He took advantage of the Junior Club Camp at London and attended every day. During this time he won for himself a name as one of the best boys in camp. He never refused to carry out orders given by his Camp officers.

Everett won the trip to the State Fair because of his alertness, faithfulness and all around preparedness as a club boy at the time the boys were selected. At the State Fair he attended a

Junior grading contest with scores of other young men, and came out with second honors, judging the grounds. He brought back to Rockcastle County a silver trophy cup which places the County in second place in the Junior judging ring.

Rockcastle County is proud to be the home of such a boy who has earned his name in the state to a second place in judging. She is still prouder of being the home of the State Champion corn grower and the home of the State Champion of production.

Everett holds County Champion hip corn grower (60) of Junior and senior's of Rockcastle. For this our bank of Mt. Vernon Mt. Vernon puts up a deposit of \$5 in Everett's credit. This is to remain on deposit for five years with the 3 per cent interest. This is a big sum but it is all the County agent ask for. It is intended to be a nest egg. Everett is determined to add to this each year for five years so as to have a handsome account at the end of five years.

Jan. 18 a thrift program was put on at Mt. Vernon Graded School. Everett was chosen by the county agent to represent the Junior Agriculture club work for the county at this meeting. He read a paper on the subject "The value of Junior Agriculture at work in Rockcastle County."

County Agricultural Agent

WORTH CONSIDERING

The question is not so much how you contracted a cold, but how to get rid of it with the least loss of time and inconvenience. If you will consider the experience of others under similar circumstances, who have been most successful in checking their colds in their beginning, you will secure a bottle of Chamberlain's Cough Remedy without delay, and use it faithfully. There are many families who have used this preparation successfully for years and hold it in high esteem. It is excellent.

FREE YOUR BLOOD FROM POISON

Take Pepto-Mangan, the Famous Blood Tonic Prescribed by Physicians for 30 Years

Sluggish blood clogged with poisons makes you lazy. You never feel like getting up in the morning. And when you do get up you miss that feeling of refreshing rest. You feel more tired than when you went to bed. After a good night's sleep you should get up with a spring feeling alive, renewed, refreshed.

And you would, too, if your blood was full of corpuscles. Your complexion would look fresh, your eyes bright and clear; you would feel the warm tingle of good health.

Look to your blood if you have that heavy, heavy feeling in the morning. Begin taking Pepto-Mangan—the ideal tonic. It has blood building properties that pick you up and give you strength.

Pepto-Mangan is widely and heartily endorsed by physicians. It is effective and easy to take. It is prepared in both liquid and tablet form. Both have the same medicinal properties.

TREASURY DEPARTMENT Washington D.C. January 15 1921

To the School Boys and Girls of America:

I have been gratified to hear of the fine record you made last year in saving money, and of your investment in Thrift Stamps. Your Government is proud that the young people of the Nation are developing these most practical habits. I can assure you that the money you are now investing in Government savings securities is very helpful in meeting your country's great responsibilities. While you are aiding your Government through the purchase of securities, you are forming habits which will be most valuable in the future in the mastery of your personal and financial affairs. I congratulate you on your record and encourage you to continue this splendid work.

Sincerely yours,
(Signed) D. F. Houston,

Exciting Stunts

One of the exciting episodes in Douglas Fairbanks new Arctarct picture, The "Knickerbocker Buckaroo," which will be shown at The Boone Way Theatre, is that of the screen athlete climbing out of a window of a speeding Pullman, continuing up to the roof of the car and running along on the top of the train, then jumping to the swinging arm of a water feeder from which he leaps onto the back of a horse. This is the start of a thrilling chase in which two hundred cowboys pursue Fairbanks for miles up into the hills. Arrangements were made with the office of the Director General of Railroads for the use of an entire train for the scenes above described. An abandoned track in the San Fernando desert was selected for the location, because of the scenario demanding the desert atmosphere.

Home Course In Domestic Science

"Twenty Lessons in Domestic Science," by Marion Cole Fisher has recently been received by us for review.

This is a complete advanced course in domestic science and home economics boiled down to meet the requirements of the house wife and the student.

The entire course consists of twenty practical lessons—one hundred pages filled with the most valuable information the house wife can possess—heretofore taught only in domestic science schools.

Do you know the relative value of food, which fruits to use for cooking, what purpose salads serve, the correct use of condiments, about proper kitchen equipments, about U.S. Government's bulletins how to reduce the high cost of living, how to promote and protect your own and your families health how to make housekeeping simpler by utilizing modern science in the home.

This book we note, is priced at \$2.00 per copy and from what we understand it contains a complete \$100.00 college course, condensed and it is practically free to every interested housewife.

We write the Home Economic Department of the Calumet Baking Powder Co., 4100-28 Filmore St., Chicago, Illinois, for full particulars regarding the book and how to secure it.

THE "OLD RELIABLE" THEDFORD'S BLACK-DRAUGHT

White Haired Alabama Lady Says She Has Seen Medicines Come and Go But The "Old Reliable" Theford's Black-Draught Came and Stayed.

Dutton, Ala.—In recommending Theford's Black-Draught to her friends and neighbors here, Mrs. T. F. Parks, a well-known Jackson County lady, said: "I am getting up in years; my head is pretty white. I have seen medicines and remedies come and go but the old reliable came and stayed. I am talking of Black-Draught, a liver medicine we have used for years—one that can be depended upon and one that will do the work."

"Black-Draught will relieve indigestion and constipation if taken right, and I know for I tried it. It is the best thing I have ever found for the full, uncomfortable

feeling after meals. Sour stomach and sick headache can be relieved by taking Black-Draught. It aids digestion, also assists the liver in throwing off impurities. I am glad to recommend Black-Draught, and do, to my friends and neighbors."

Theford's Black-Draught is a standard household remedy with a record of over seventy years of successful use. Every one occasionally needs something to help cleanse the system of impurities. Try Black-Draught. Insist upon Theford's, the genuine.
